CLASS DESCRIPTIONS

Snowplow Sam - Tuesday/Thursday

Snowplow Sam is a big, fuzzy, white bear who loves to skate. Snowplow Sam has designed this class to help the preschool age skater develop the preliminary coordination and strength necessary to maneuver on the ice. This class is 50 minutes and structured as a group lesson combined with a practice session. A Low Freestyle session will be included in this class on Sundays at 3:00 – 3:30 for students to work on their skills. This class is recommended for **skaters aged 3 to 6**. CHRISTMAS SHOW PERFORMANCE IS INCLUDED, so some class time will be dedicated to preparation for the show.

Basic 1-8 - Tuesday/Thursday

The “Basic Eights Skills” are the fundamentals of the sport. This program introduces the fundamental moves – forward skating, backward skating, stops, edges, crossovers, three turns, and mohawks. Upon the completion of the eight levels of the Basic Eights curriculum, skaters will have a beginning knowledge of the sport enabling them to advance to the more specialized areas of skating. This class is 50 minutes and structured as a group lesson combined with a practice session. A Low Freestyle session will be included in this class on Sundays at 3:00 – 3:30 for students to work on their skills. This class is recommended for **skaters aged 6 and up** (through high school), or those who have passed all three levels of the Snowplow Sam curriculum. CHRISTMAS SHOW PERFORMANCE IS INCLUDED, so some class time will be dedicated to preparation for the show.

Beginning Hockey

We have designed this class to help the preschool age skater develop the preliminary coordination and strength necessary to maneuver on the ice before going into **Jackson Youth Hockey**. This class will be taught by a certified hockey coach to prepare your child for the game. Also this class is 50 minutes and structured as a group lesson combined with a practice session. A Low practice session will be included in this class on Sundays at 3:00 – 3:30 for students to work on their skills. This class is recommended for **skaters aged 3 to 6 who aren't ready to go straight into the game**. The only equipment needed for this class is skates and optional helmet.

Free Skate 1-6 and USFS Free Skate - Monday/Wednesday/Friday

This program includes footwork, jumping, and spinning. The Free Skate program is designed to give skaters a strong foundation on which to build their skills. This class is a broke up into High and Low. The Low group class (freeskate1-6) will have a structured class from 4:05-4:50, 3 days a week. The High group class (Pre-Pre-Senior) will have a structured class from 4:50-5:35, 3 days a week. A Thurs. am freestyle session is included for students to work on their skills. Theatre on Ice – Tuesday & Thursday

Theatre on Ice is a form of figure skating that is popular in Europe, where it is known as Ballet On Ice. It combines the grace of figure skating with the excitement of theatre and dance. Our program will be performance oriented, focusing on the experience, creativity, and fun of working with a group of skaters on a regular basis with the goal of telling a story and putting on a great show. Participants will produce and perform two theatrical skating programs that will be featured on our club's ice shows. In The Fall/Winter they will be the body of the Christmas Show. This program will meet twice a week for 40 minutes thru the Christmas show and is **open to all levels**. (Please note that there will be some groups who will also be asked to practice on Sundays in addition to week nights)

Adult Program - Thursday

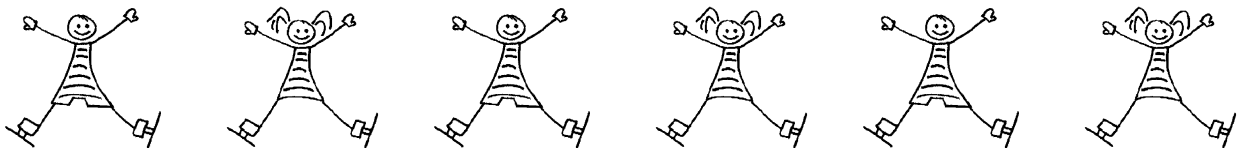

This adult curriculum is designed specifically for the adult skater. It promotes physical fitness, improves balance and coordination, while teaching proper skating techniques. Divided into the appropriate levels, adult skaters will progress at an individual rate while being challenged and motivated. This is an exciting new program for people who look to skating as an enjoyable way for a fit and healthy lifestyle. This class is structured as a 30 minute group lesson combined with a 1 hour and 15 minute practice session.
